EXPERIENCE

Busser | Trappers 2

June 2016 – September 2016

This was my first job, and it was only for the summer. I learned a lot about working with customers and working with other people as a team. My duties as a busser were mundane, but I made the best of the situation. It was a valuable experience in how to meet the needs of other people in various situations

Teen Room Supervisor | YMCA

August 2018 – November 2020

My job as Teen Room Supervisor at the YMCA was to be a supportive figure for the children that came into the room. The children would vary from ages 10-17, so there was a lot of variation in character. I would play games, sell snacks, and help the children with any problems as small as homework and as big as family issues. Working at this job was a wonderful experience as I had the privilege of impacting many lives and giving children a safe and fun space.

SUNY Oneonta Fashion Show

April 2022

I prepared a collection for the 2022 SUNY Oneonta Fashion Week. I designed, styled, and modeled all four pieces from my collection. This experience showed me how demanding and how much focus it takes to prepare for a fashion show. I worked ruthlessly to complete every step of the process from sketching the designs to tailoring to sourcing the fabric. This experience was super beneficial and something I hope to use in my professional career.

Landscaping | Perennial Landscaping

May 2022 – present

Working landscaping has been excellent. I love the comradery between myself and my coworkers in completing a project. Finishing a job has been a magnificent pleasure in realizing that the demanding work surely does pay off. Each project has its challenges, but through determination and reliability in one another, the challenges seem more than manageable.

EDUCATION

SUNY Oneonta | Oneonta, NY | 3.34 GPA | Bachelors of Science

August 2019–May 2023

I am currently a graduate of SUNY Oneonta having majored in fashion/apparel design, with an interest in styling in the future. While at SUNY Oneonta, I learned an abundance of fashion and styling. I have also participated in designing, styling, and modeling for a fashion show and modeled for a friend on the university's television program. Because of my arduous work, I have earned Dean's List at my university on 4 separate occasions.

The University of Westminster | London, UK

January 2023–May 2023

To finish up my undergrad, I did a semester abroad in London. During my time, I expanded my knowledge of fashion by excelling in upper-level courses and by simply being around people with common interests in fashion. Studying and living in one of the premier fashion cities in the world opened my mind and expanded my view immensely on how beautiful and inviting fashion can be.

SKILLS

- **Excellent communication**

I am a firm believer that communication is vital in any relationship, so I pride myself on making sure that I am articulating my ideas and thoughts just as much as I am welcoming any ideas and thoughts that someone may feel the need to share with me.

- **Trustworthy**

There is nothing I hate more than letting others down. I will do anything in my

power to gain the trust of others in any capacity that suits the situation. I demonstrate my trustworthiness in my work ethic along with my sheer will to get the job done.

- **Creativity**

In the fashion industry, creativity is essential, it is the foundation of fashion. I have always been someone who loves putting my ideas to the test and making them come to life.. Challenging the norm has always been fascinating to me, and because of that, I thrive for my concepts to be original and fresh.
